

## INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM FINANCIAL RESULTS

### TO THE BOARD OF DIRECTORS OF TORRENT POWER LIMITED

1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results of **TORRENT POWER LIMITED** ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), for the Quarter ended June 30, 2017 ("the Statement") pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.

This Statement, which is the responsibility of the Parent's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.

2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Parent's personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.
3. The Statement includes the results of the following entities:
  - (i) Torrent Power Grid Limited
  - (ii) Torrent Pipavav Generation Limited
  - (iii) Torrent Solargen Limited

4. Based on our review conducted as stated above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

**Notes:**

- 1 As per the consistent policy followed by the Company, it accounts for the truing-up adjustment claims as and when billed to the consumers. Hon'ble GERC had issued an Order dated 1st July 2016 revising the Regulatory Charge to 18 paisa/kWh and 17 paisa/kWh for Ahmedabad and Surat license area, respectively from earlier 45 paisa / kWh, with effect from 1st July, 2016 against which the Company had filed an appeal before Hon'ble Appellate Tribunal for Electricity (APTEL). The Hon'ble APTEL, vide judgement dated 30th March, 2017, has remanded back the matter to Hon'ble GERC for review of Tariff Order dated 31st March 2016. Hon'ble GERC vide Order dated 8th June, 2017 confirmed regulatory charge as approved by its Order dated 1st July, 2016. However, Hon'ble GERC while passing Tariff Order dated 9th June, 2017 directed the Company to discontinue the recovery of regulatory charge based on the estimated Gap / Surplus for FY 17-18. Consequently, the Company has stopped recovering Regulatory Charges w.e.f 10th June 2017 and accounted such recovery (as billed) upto 9th June 2017 in Q1 FY 17-18.
- 2 The Company has implemented the 1200 MW gas based power plant at Dahej (DGEN), which started its commercial operations from November 2014. In FY 15-16, the Company could operate the plant for intermittent periods and it did not operate the plant in subsequent period but maintained it in cold standby mode for immediate start-up, when required.

On account of supply exceeding the demand, there has been substantial reduction in the LNG prices all-over the world. The over-supply position in the world market is expected to continue as more LNG plants are being commissioned in coming 2 to 3 years and as global demand for LNG is expected to be subdued. With this scenario, both the issues relating to gas based power plants in terms of availability and affordability of gas are expected to be resolved to a large extent. Considering the above, the estimated value in use do not indicate any requirement for impairment provision in the carrying amount of the fixed assets of ₹ 4790.77 Crore of DGEN plant as at 30th June, 2017.

- 3 The company mainly operates in one segment i.e. "Electricity". The Company's Cables Business, in terms of revenue, results, assets & liabilities is not a reportable segment, as per Indian Accounting Standard 108 'Operating Segment' (Ind AS 108), as it is insignificant.
- 4 The entire immovable and movable assets including current assets, both present and future, of the Company are mortgaged and hypothecated by way of first pari passu charge in favour of Non Convertible Debentures of ₹ 1095.00 Crore.
- 5 The consolidated financial results include the financial results of three subsidiaries: Torrent Power Grid Limited, Torrent Pipavav Generation Limited and Torrent Solargen Limited.
- 6 Figures for the quarter ended March 31, 2017 are the balancing figures between audited figures for the full financial year ended March 31, 2017 and the published year to date figures upto the third quarter of the financial year; figures would need to be interpreted / analysed accordingly.
- 7 The figures for the previous periods have been regrouped / recast, wherever necessary, to make them comparable with the figures for the current periods.
- 8 The Audit & Risk Management Committee has reviewed the above results and the same have been subsequently approved by the Board of Directors in their respective meetings held on 1st August, 2017.
- 9 The Stand-alone financial results for the quarter ended 30th June, 2017 are available on Company's website at [www.torrentpower.com](http://www.torrentpower.com).
