

FIRE SAFETY POLICY

Torrent Power Limited - Distribution (TPL-D) desires to prevent any kind of fire incident in its business operations. TPL-D strives to ensure safety and security of all its employees, relevant stakeholders and assets.

TPL-D is committed to:

- > Ensure compliance to all applicable rules and regulations pertaining to fire safety.
- > Ensure timely inspection and maintenance of fire fighting equipment.
- > Ensure fire fighting equipment are clear from obstructions at all times.
- > Ensure awareness, training sessions and mock drills are conducted at regular intervals.
- > Ensure risk assessment is done for fire related hazards and incorporated in HIRA document.
- > Ensure emergency response plan is communicated to all employees.
- > Ensure emergency contact details are displayed at all prominent locations.
- > Coordinate a timely emergency evacuation response in the event of fire related emergency.
- > Ensure timely availability of first aid in case of a fire emergency.
- > Ensure adequate support and accessibility to local authorities and fire fighters in case of fire emergency.
- > Ensure incidents related to fire are recorded and suitable control measures are applied.
- > Continually improve fire safety performance to minimize risk by monitoring and investigating accidents and incidents on regular basis.
- > Ensure full implementation and sustainability of the fire safety policy by providing adequate resources and periodical review of the policy.
